To: Mrs. Nancy Pelosi - Speaker of the House of Representatives

We followed with great interest the issue of your vote on Joint Resolution No. 37, which included directing the US Armed Forces from the hostilities against the Republic of Yemen that have authorized by Congress. We in the House of Representatives in Yemen express our thanks and appreciation to all members of House of Representatives who voted on the resolution to direct the US to withdraw its armed forces from the hostilities against the Republic of Yemen.

As you know that the countries of the aggression coalition on our country led by Saudi Arabia and the UAE, which is supported by the United States is still going on for more than 4 years violated all the norms and laws of human rights, killed people and destroyed everything in our country in view of the world. This aggression is also arming extremist armed groups from the list of terrorists and the outlawed armed groups committing war crimes in our country.

This Resolution will limit the persistence and futility of the Arab coalition, which contributes to increasing the human suffering of the Yemeni people, whose two-thirds of the population has reached famine, according to UN reports and humanitarian organizations.

We reiterate our thanks and appreciation to you for the efforts made with regard to the humanitarian aspect in Yemen, which we hope, will help to reduce the aggression of the coalition countries in their unjust and illegal war against the territory of Yemen and the Yemeni people.

Best regards,

Yahya Ali Al-Ra'i

Speaker of the Yemeni

House of Representatives
