**The incumbent Prime Minister of New Zealand**

I and on behalf of the House of Representatives in the Republic of Yemen wishes you the best in your endeavor for lofty humanitarian and moral positions that followed the horrific terrorist incident that killed 50 Muslims in your country by an extremist racist.

Such positions have dealt with the effects of the abominable crime in a humane, legal and ethical manner, which reflected your high values and considered the rights and interests of your citizens and residents in your country.

We appreciate your good positions and your wonderful human feelings towards the Muslim minority in your country and the attitudes and actions of all the authorities in your country and all the citizens of the New Zealand people. We assure you of our support in the Republic of Yemen to combat terrorism and our readiness to support every step in this direction until it is eradicated and eliminated. Terrorism has no homeland and no religion. The countries of the world must cooperate and unite to eliminate it, its causes and real motives and fight against anyone who plans, finances, aids or executes any terrorist act in any country of the world in all its forms.

We hope that your country and people will enjoy peace, progress and prosperity.

Best regards,

Yahya Ali Al-Ra'i

Speaker

Republic of Yemen
